

February 24, 2009

Dear SCAN Long Term Care Member,

We understand that matters affecting your health care are important to you. With this in mind, you may be aware of upcoming changes to your AHCCCS prescription drug benefit effective March 1, 2009.

Because you have Medicaid (AHCCCS) and Medicare benefits, your prescription drug copays under your Medicare benefits were paid by Medicaid (AHCCCS). Unfortunately, as a result of the state budget deficit, AHCCCS will no longer be able to cover these copays for you. This means beginning March 1<sup>st</sup>, you will be responsible for these copays of \$1.10 to \$6.00 (depending on the drug) at the time you pick up your medications at the pharmacy.

***How can we help?***

If you would like to know if any of your medications have a copay and what the copay is, please call Member Services at (888) 540-7226, 8am-8pm, 7 days/week. We're here to help and we pledge to work hard to continue to service your health care needs.

Sincerely,

A handwritten signature in black ink that reads "Marc Lato MD". The signature is written in a cursive style.

Marc Lato, MD  
Medical Director
